(3) The General Assembly of the members decides on the application for membership with three quarters of all members, that are natural people. The President can grant the application for membership passing; the application for membership must then be confirmed by the next members assembly. In case of refusal of the request no obligation exists to communicate the reasons to the applicant.

(5) Unless stated otherwise in the statute, the General Assembly passes decisions with simple majority of the delivered valid voices; abstentions are therefore left out of the consideration. Changes of the statute require a majority of three quarters of (the delivered valid) voices, dissolution of the FSFE requires four fifths of the voices of all members. Changing the purpose of the FSFE can only be decided with unanimous agreement of all members. The written agreement of the members not present in the General Assembly can be explained only within one month vis-a-vis the President.
